

00:00:00.63	National Park Service Department of the Interior
00:00:15.19	Hello, folks. Welcome to the Castillo de San Marcos National Monument, part of your National Park Service.
00:00:19.10	My name is Joseph Brehm. I have been a park ranger here for fifteen years and I run our historic weapons living history program.
00:00:24.85	Basically, that means we fire cannons and muskets here at Castillo.
00:00:28.30	Primarily, on Friday, Saturday and Sunday.
00:00:30.39	First shoot is at 10:30am, then we go 11:30am, 1:30pm, 2:30pm and 3:30pm.
00:00:34.22	Basically the only thing that will stop us from firing something, cannon or musket, is if the weather is not cooperating, if we have thunder and lightning in the area.
00:00:42.13	But, please, feel free to come out. See our program.
00:00:45.02	Be glad to have you here.
